\*Schaeffler housings with SAFD and FSAFD designation are only available in ductile cast iron. All other Schaeffler housings listed above are available in either ductile or gray cast iron.

## Schaeffler SAF Housings: State-of-the-Art Protection for Your Bearings

Completely redesigned and reengineered, Schaeffler's new generation of SAF housings feature numerous improvements that ensure optimal bearing performance in a broad range of applications. Designed to meet the industry standard for SAF500 series pillow block housings, they combine exceptional load carrying capacity with reliable performance and unsurpassed versatility. Schaeffler's all-new lineup of SAF housings can accept a full range of shaft diameters from 1<sup>3</sup>/<sub>8</sub> inches to 8 inches.

Only from Schaeffler.
